Richard Lam gives the devotion on “Godly wisdom” from James 1:5-7 & Proverbs 2

It is important that James is talking about Godly wisdom, not wealth, job or material things that we may wish to have. God gives us wisdom, to guide us, and to apply the large body of truth in His word.

There are conditions to receive Godly wisdom:

People can be knowledgeable in getting Nobel prize. Without Godly wisdom, he can still be walking blind.

Godly wisdom, knowledge and understanding are precious treasures that we seek from God.

We must pray faithfully without doubt. Satan gets us in doubt, we will lose faith in God, and we will submit us to Satan.

When pray, we should believe that God heard us. We just wait for His answer.

First 3 chapters of Proverbs talk about wisdom

Chapter 2:6-11 & 12-15, 16-19 Need to know how to apply wisdom.

Our young people are at risk, when they are so ill equipped to deal with the world.

They accumulate years of text book knowledge, but yet so simple in discernment Ch 3:19-20. We need to have all three (wisdom, knowledge & understanding)
