

**Devotion on Exodus 13:20-22 & 14:13-14 | Wed, Apr 7**  
**Prayer Meeting - Eric Kam**

- God led the people with pillar of cloud by day, and pillar of fire by night enabling travel all day.
- God fight for them 14:13-14
- Divine guidance all the way. Never leave them alone during Exodus.
- Which is easier to follow: human vs divine leadership?
- Today people have greater faith in self or science than in God.
- The first instance, God reveals the miracle phenomenon to all people; 2nd instance, God speaks through Moses at the precise moment. God's solution is only known as we step in faith.
- The first instance the people is being led; the 2nd instance they are being chased. They are frightened and forgetting God's presence.
- People are blinded to God's presence until crisis time.
- Faith to move forward when God delivers. "Tell the sons of Israel"
- We need God's deliverance in many areas, e.g. Problems at work, financial pressures, spiritual struggles, a bad habit, relationship, church growth.
- We ask for mercy & grace. We do not deserve merits.
